--	---

Dear Sir/Madam,

We kindly request you to submit your quotation for **HSM. Pusher furnaces HSM – Pusher Furnace #1 ignition burners** - whose technical specification is attached to this RFQ with its own annexes.

Please, confirm by e-mail before 04.04.2023 the receipt of the Request for Quotation and whether you can prepare an offer.

A-The technical offer will be submitted on or before **04.05.2023** via E-mail, to the following e-mail addresses:

Anca Boros (anca.boros@libertysteelgroup.com) and
Mihaela Dihel (mihaela.dihel@libertysteelgroup.com).

B-The commercial offer will be submitted on or before **04.05.2023** via E-mail, to the following e-mail address:

Mihaela Dihel (mihaela.dihel@libertysteelgroup.com).

A-The technical offer will include the following:

1. Your technical offer;
2. Our "Technical Specification" acknowledged by you, meaning stamped and signed on each page;
3. The works duration (calendar days), as well as a frame time schedule given the main milestones;
4. Other proposals that may provide you an advantage against the competitors.

B-The commercial offer will include the following:

5. The bidder has to submit the offer according to attached Price Breakdown format.
6. The price to be DDP Liberty Galati;
7. Deadlines in calendar days;
8. Validity of the offer: minimum 3 months after submitting the offer.

This Request for Quotation and/or an eventual contract is subjected to the-General Conditions for Investments Purchases (GCIP Liberty Galati), attached hereto.

C – Liberty Galati MINIMUM REQUIREMENTS

1. Duration of technical guarantee: minimum 24 months after Reception (PAC).
2. Also, this acceptance confirms the compliance not only with the annexes to the RFQ but with all the European and Romanian standards and norms, in force, especially those regarding H&S, which are necessary for the execution of this project.
