Liberty Merchant Bar Plc Statement on Minerals from Conflict Zones

Liberty Merchant Bar Plc is aware of the obligations under section 1502 of the American bill H.R. 4173, Dodd-Frank Wall Street Reform and Consumer Protection Act, which is placed upon companies having statutory reporting requirements to the U.S. Securities & Exchange Commission.

In line with its obligations for responsible procurement, Liberty Merchant Bar Plc supports the overarching goal of Section 1502 to identify and ultimately discourage the use of minerals and their derivatives mined in conflict zones, especially the Democratic Republic of the Congo (DRC) and adjacent countries. These minerals include cassiterite and its derivatives, tin, as well as columbite-tantalite and its derivatives and wolframite and its derivatives (tin, tantalum, gold and tungsten)

Liberty Merchant Bar Plc is not a reporting entity under the scope of Dodd-Frank. However, Liberty Merchant Bar Plc performs reasonable due diligence to ensure that our billet suppliers do not knowingly purchase minerals; or their derivatives; sourced from conflict mines in the Democratic Republic of Congo or adjacent countries. We continue to work with our billet suppliers to assure the highest level of confidence in the information it obtains with respect to conflict minerals.

For and behalf of Liberty Merchant Bar Plc.
