

September 27th, 2019

DECLARATION
on Directive 2011/65/EU as amended on Commission Delegated Directive (EU) 2015/863
on the restriction of the use of certain hazardous substances in electrical
and electronic equipment (RoHS)

Steel product family:

CORES OF MAGNETIC CIRCUITS / Transformer Cores

- TOROIDAL CORES
- CUT C CORES
- CRUCIFORM CORES
- UNICORE CORES

Liberty Technotron steel products listed here are in accordance with European Directive on electric and electronic equipments. Those products are produced without intentional addition of lead, cadmium and mercury.

The steels of the uncoated or metallic coated products may contain some residuals not intentionally introduced. Their maximum contents are:

Pb < 0.1 %, Cd < 0.01 %, Hg < 0.1 %

Liberty Technotron steel products, including protective oils and the material used for their packaging, do not contain polybrominated biphenyls (PBB), polybrominated diphenyl ethers (PBDE), Bis(2-ethylhexyl) phthalate (DEHP), Butyl benzyl phthalate (BBP) Dibutyl phthalate (DBP), Diisobutylphthalate (DIBP) and hexavalent chromium (Cr^{VI}), above the current appropriate European thresholds¹.
